Dear Mr. Wade:

The purpose of this letter is to provide Exelon Generation Company's endorsement of the Nuclear Energy Institute (NEI) letter from R. J. Myers to the U. S. Department of Energy (DOE) dated December 22, 2005 submitted in response to the Notice of Inquiry (NOI) published by the DOE on November 25, 2005 regarding implementation of Section 638 of the Energy Policy Act of 2005.

Exelon appreciates the efforts by the DOE staff to solicit comments through the NOI process, as well as the opportunity to provide direct feedback during the public workshop conducted on December 15, 2005. The provisions contained in the Energy Policy Act are of great importance to the industry, and we welcome continued opportunities to ensure effective implementation.

If you have any questions concerning this letter, please feel free to contact me at (610) 765-5610.

Sincerely,

Marilyn C. Kray
